**Our technicians are not allowed to begin work without this form completed and signed.**

By signing this document, I agree that all employees have been made aware through e-mail or other means of communication that carpet and/or hard surface areas are going to be cleaned on date:\_\_\_\_\_ . We have asked that all employees try to avoid coming to the office the day of the cleaning. Employees who must come by the office the day of the cleaning, have been told to use **Extreme Caution** as the carpet will be damp, hard surfaces could be slippery, and hoses from the cleaning vehicles may be in unexpected places. We understand that all caution signs Pro-Care has provided are to stay in place until the carpet or hard surfaces are completely dry, and we assume all risks associated with walking on damp carpet and/or hard surfaces.
